

# Summer 2008 Nebraska ethanol plants in operation and under construction

**ADAMS – E-Energy Adams (Oct. 2007)**  
Estimated Annual Capacity: 50 million gallons  
Estimated Annual Grind: 19 million bushels  
Permanent Employees: 45

**ALBION – VeraSun Albion (Aug. 2007)**  
Estimated Annual Capacity: 110 million gallons  
Estimated Annual Grind: 41 million bushels  
Permanent Employees: 55

**AURORA – Nebraska Energy LLC (Oct. 1995)**  
Estimated Annual Capacity: 35 million gallons  
Estimated Annual Grind: 12 million bushels  
Permanent Employees: 42

**BLAIR – Cargill (Apr. 1995)**  
Estimated Annual Capacity: 198 million gallons  
Estimated Annual Grind: 73 million bushels  
Permanent Employees: 40

**CAMBRIDGE – Mid America Bio Energy (Mar. 2008)**  
Estimated Annual Capacity: 44 million gallons  
Estimated Annual Grind: 16 million bushels  
Permanent Employees: 40

**CENTRAL CITY – VeraSun Platte Valley (May 2004)**  
Estimated Annual Capacity: 96 million gallons  
Estimated Annual Grind: 36 million bushels  
Permanent Employees: 45

**COLUMBUS – ADM (Aug. 1992)**  
Estimated Annual Capacity: 103 million gallons  
Estimated Annual Grind: 37 million bushels  
Permanent Employees: 285

**FAIRMONT – Advanced BioEnergy (Oct. 2007)**  
Estimated Annual Capacity: 115 million gallons  
Estimated Annual Grind: 43 million bushels  
Permanent Employees: 45

**HASTINGS – Ag Processing (Nov. 1995)**  
Estimated Annual Capacity: 55 million gallons  
Estimated Annual Grind: 20 million bushels  
Permanent Employees: 45

**HASTINGS – Chief Ethanol Fuels (June 1985)**  
Estimated Annual Capacity: 72 million gallons  
Estimated Annual Grind: 27 million bushels  
Permanent Employees: 56

**JACKSON – Siouxland Ethanol (May 2007)**  
Estimated Annual Capacity: 60 million gallons  
Estimated Annual Grind: 22 million bushels  
Permanent Employees: 32

**LEXINGTON – Cornhusker Energy (Jan. 2006)**  
Estimated Annual Capacity: 50 million gallons  
Estimated Annual Grind: 19 million bushels  
Permanent Employees: 35

**MADRID – Standard Ethanol (Oct. 2007)**  
Estimated Annual Capacity: 55 million gallons  
Estimated Annual Grind: 20 million bushels  
Permanent Employees: 40

**MINDEN – KAAPA Ethanol, LLC (Sept. 2003)**  
Estimated Annual Capacity: 60 million gallons  
Estimated Annual Grind: 22 million bushels  
Permanent Employees: 34

**NORFOLK – Louis Dreyfus Commodities (Oct. 2007)**  
Estimated Annual Capacity: 53 million gallons  
Estimated Annual Grind: 20 million bushels  
Permanent Employees: 38

**ORD – VeraSun Ord (May 2007)**  
Estimated Annual Capacity: 50 million gallons  
Estimated Annual Grind: 19 million bushels  
Permanent Employees: 39

**PLAINVIEW – Husker Ag, LLC (Jan. 2003)**  
Estimated Annual Capacity: 78 million gallons  
Estimated Annual Grind: 29 million bushels  
Permanent Employees: 36

**RAVENNA – Abengoa Bioenergy (Sept. 2007)**  
Estimated Annual Capacity: 80 million gallons  
Estimated Annual Grind: 30 million bushels  
Permanent Employees: 38

**SUTHERLAND – Midwest Renewable Energy, LLC (Nov. 1999)**  
Estimated Annual Capacity: 20 million gallons  
Estimated Annual Grind: 7 million bushels  
Permanent Employees: 30

**TRENTON – Trenton Agri Products (Mar. 2004)**  
Estimated Annual Capacity: 45 million gallons  
Estimated Annual Grind: 17 million bushels  
Permanent Employees: 34

**WOOD RIVER – Pioneer Trails Biofuels (June 2008)**  
Estimated Annual Capacity: 115 million gallons  
Estimated Annual Grind: 43 million bushels  
Permanent Employees: 50

**YORK – Abengoa Bioenergy (Nov. 1994)**  
Estimated Annual Capacity: 55 million gallons  
Estimated Annual Grind: 20 million bushels  
Permanent Employees: 65

**BRIDGEPORT – Bridgeport Ethanol**  
Estimated Annual Capacity: 54 million gallons  
Estimated Annual Grind: 20 million bushels  
Permanent Employees: 32  
Anticipated Production Start: Winter 2008

**CARLETON – ALTRA Nebraska, LLC**  
Estimated Annual Capacity: 100 million gallons  
Estimated Annual Grind: 37 million bushels  
Permanent Employees: 50  
Anticipated Production Start: 2009

**MEAD – E3 BioFields**  
Estimated Annual Capacity: 24 million gallons  
Estimated Annual Grind: 9 million bushels  
Permanent Employees: 37  
Anticipated Production Start: 2009

**WAHOO – EBS Inc**  
Estimated Annual Capacity: 100 million gallons  
Estimated Annual Grind: 37 million bushels  
Anticipated Production Start: 2009

## Under Construction

**ATKINSON – NEDAK Ethanol**  
Estimated Annual Capacity: 55 million gallons  
Estimated Annual Grind: 20 million bushels  
Anticipated Production Start: Summer 2008

**AURORA – Aventine Aurora West, LLC**  
Estimated Annual Capacity: 113 million gallons  
Estimated Annual Grind: 42 million bushels  
Anticipated Production Start: Winter 2008

Several other plants are under consideration. For a current list visit: <http://www.ne-ethanol.org/industry/ethplants.htm>
